

MG Car Club Germany invites you to: **MG Weser Tour 2020**

4th to 11th July, 2020: along three rivers in one week

Dear MG friends,

Once again there will be a "river cruise" with our MGs in 2020! With the Rhine and Elbe ticked off now, this time we'll explore the Weser. As this river has no proper source, we will simply add the Fulda and the Werra to the routes. As before the idea is to enjoy driving through various landscapes for a whole week. This year we can offer space for 30 cars on the trip and up to 60 people to have lots of fun with each other.

We will meet on Saturday, 04/07/2020 in Bad Hersfeld, the "culture capital" on the Fulda river. There will be quite a surprise for the participants in the evening (sorry, in German only!). A special meeting for the early birds has not been planned for this event.

On Sunday, we will go down the Fulda ... and then back up again; our destination being the city of Fulda in Hesse. The Monday will take us through the Rhön and Thuringia forests to both sources. Tuesday will see us using history laden paths on the Werra to Eisenach, where you can spend the afternoon to your own liking. And on the Wednesday we will reach Hann. Münden, where Fulda and Werra join each other to form the Weser river.

On Thursday we will be driving through the Weser Uplands to finally meet an "Old Comrade" who is still loyally on guard. The route on Friday will first take us to the largest lake in northwestern Germany, before we head towards the "Weser metropolis" – the Hanseatic City of Bremen. Here we'll jump straight into the hurly-burly in the evening, our hotel is located near the centre. The Tour ends on Saturday afternoon at the lighthouse "Little Prussian" in Wremen, where the Weser reaches the North Sea.

Your MG Weser Tour 2020 team is looking forward to a fabulous week!

Exploring unknown routes with friends new and old ...

MGs of every vintage are warmly welcome !

a (slightly) crazy gang is waiting for you to join !

The Programme

Basic Information

Daily routes will be from 150 to 225 kms (95 to 140 miles), which means you will be on the road for three to five hours each day..

Therefore this event is more aimed at drivers of post war MGs, mainly MGF and TF. But you can also have a lot of fun in an MGA oder MGB, as we have seen on previous "river cruises".

Of course there will be a route book containing touristig and other information, but the actual routing will be done using your sat.navs. Data files will be provided for Garmin and TomTom devices and co-ordinates for other brands.

Participation

On three of the seven days, dinner is included in the price. When staying in larger towns you will have the opportunity to explore the local restaurants to your taste.

The event is limited to 30 cars. The registration will close on 1st April, 2020, or when 30 registrations have arrived. There may be a waiting list. The inscription fee is due to be paid with your registration. Included are three lunches, all joint visits and activities, the route book, the sat-nav files and naturally the rally plaque.

Inscription Fee

The inscription fee of 250 euros for MG and driver plus 150 euros for a passenger is due upon registration.

The seven hotel nights including breakfast and three dinners are 550 euros for single rooms and 800 euros for two persons in double or twin rooms.

Hotel bookings will be made through the organisers, a 50 percent deposit is due until 1st May, 2020, the remaining sum until 15th June, 2020. All additional costs en route, like e.g. drinks, coffee breaks, parking fees are to be paid individually.

Registration

Registration on the web site www.mgf-tours.de will open in time for the season's first event at Houten on 5th January, 2020. More infos will be available on the web site.

Any questions or special requests?

If you have, please contact: Michael Benecke, phone +49-2163-4999859, events@mgcc.de

We are looking forward to enjoying a great event with you !
